

Wednesday 13th May 2020

Dear Year 3,

I am writing to inform you of how lockdown has been for me so far and to hopefully find out more about how you are getting on.

First of all, I am safe and well. Your parents have been sending pictures of you all completing your home learning and I have been so impressed! I could not be more proud of you all. How are you finding all of the home learning? Are you enjoying it? I certainly hope so...

Not too much to report in the Prior household. I have mainly been looking after Olly (my goofy dog) and getting the nursery ready for when baby Prior arrives into the world. I can't wait to meet him and, of course, I will introduce him to the 'best class ever!' when he arrives. In other news, I have had to cut my own hair as I started to look like a mushroom. Now however it looks like a dead skunk has nestled onto the top of my head! I've also been keeping busy by making videos to hopefully cheer you all up whilst you are stuck indoors. I do hope they have managed to bring a smile to your face.

It would mean a great deal if you could write back to me. I would love to know what you've been getting up to since the lockdown started.

Yours sincerely

Mr. Prior
