

Southhill Primary School

YEAR ONE: AUTUMN TERM 2021

CHILDHOOD

This project teaches children about everyday life and families today, including comparisons with childhood. The children will have the opportunity to use numerous artefacts and a wide range of different sources in order to compare different childhoods. I wonder whether or not our lives will be any different to those in the past? Only time will tell...

As historians we will be exploring changes within our living memory. We will look at stages of our lives and significant events within them. We will compare our Childhoods to those who lives I the 1950's – looking at different toys and artifacts from the past. The children will need to ensure that they look closely at sources of information to find similarities and differences.

As readers, we will enjoy a range of books during our daily reading slot. Throughout the half term, we will look at some books from our reading spine and take a look at some books in our school library. Children read in groups with an adult and they will bring a book home on Wednesdays to read before the following Tuesday.

As **mathematicians**, we will be learning about:

- Numbers within 20
- Addition and subtraction within 20

In writing, we will be learning about defeat the baddie stories. We will use Talk for Writing to explore lots of different innovated versions of our class text 'The Three Little Pigs' retelling them with our peers and rehearsing sentences before writing. We will continue to focus on applying our every time toolkit which includes; capital letters, finger spaces, full stops and representing all sounds in words.

As Artists, we will be learning about and comparing portraits. We will be learning about composition, facial features and how to collage effectively.
